

# Too Drunk to Disco

I'm too far gone to do those steps; I really can't do that jive,  
I'd rather be doin' some movin' and groovin', dancin' anyway I like.

## Chorus 1

I'm too drunk to disco, can't do no fancy stroll,  
I'm too drunk to disco, I'd rather rock and roll, I'd rather rock and roll.  
My legs are shakin' anyway, no sense in sittin' down,  
'cause even tho I stop dancin', the rooms still goin' round.

## Chorus 2

I'm too drunk to disco, I really can't dance that slow.  
I'm too drunk to disco, I'd rather rock and roll, I'd rather rock and roll..

## Middle 1

Bartender bring me another round, make it a double for me,  
The night's still young and so am I, gonna dance 'til quarter to three.

## Instrumental Break

I'm too drunk to disco, it just leaves me cold,  
I'm too drunk to disco, I'd rather rock and roll, I'd rather rock and roll.

## Middle 2

Bartender bring me another round, gonna drink 'til I fall on my face  
Wanna stay right here and rock and roll 'til they throw me out of this place.  
Baby you worked so hard to learn how to hustle gracefully,  
But it's got to be rock and roll music, if you want to dance with me.

## Repeat Chorus 1

than disco, I'd rather rock and roll  
than disco, I'd rather rock and roll.
