

Burnin' (I'm on Fire)

After a long winters sleep, I was white as a sheet
So I decided to take a trip to the shore
It was a nice hot day so I thought I could stay
on the beach for just a little bit more
Well with the sun so hot, just lying in one spot
I think I may have begun to doze
Cause I suddenly awoke when somebody spoke
And said man you're as red as a rose, cause I'm
Chorus:

Burnin' I'm as red as a beet (don't pity the feeling)
Burnin' from my head to my feet (I need sexual healing)
Burnin' I'm on fire

Burnin' from my bottom to my top (in every inch that I got)
Burnin' can't make it stop (You're just so damn hot)
Burnin' I'm on fire

Alt. Verse: *Everybody I see thinks it's so funny
They slap me on the back and start laughin'
But the pain is so real, it ain't funny to feel
when you're blistered, swollen and crackin'.*

It's becoming quite a bore I have to stay indoors
It even hurts to wear any clothes
Next time I'll know better, won't stay out in that weather
I'll be with you under a blanket indoors.
Cause even though I'm red, I ain't dead quite yet
And you look so sexy in tan
I shouldn't be thinking like a fool but what else can I do
And after all I'm still just a man
Chorus

Middle:
Oh baby, cool me, rub a little more lotion on me
Oh baby, soothe me, need a little more of your sympathy.
Repeat Chorus and fade
