

Invitation (Music Show)

This is an invitation, all across the nation
To make a reservation tonight

You know we got a date, so don't be late
It's sure to be first rate,
It's my music show; let the melodies flow, feel the air all aglow.

Just suspend your imagination, listen to the narration,
Let the melodic vibrations, tickle you with flirtation

Instrumental verse

Let the notes get you so high, you can touch the sky,
On the music we can fly and never ever say goodbye.

You know the time is right, to spend with me tonight
So turn out the lights
And let's get it on, start the countdown, everyone come on
5, 4, 3, 2, 1

Invitation (Music Show RSVP) (reprise at end of album, last song)

Now the music's done
Hope you had some fun
Please tell everyone about my music show, well I gotta go, follow me down the
road, I thank you one and all.
